- (b) Outline any three physical conditions for the production of groundnut in Nigeria.
- (c) In what four ways has groundnut production contributed to the economy of Nigeria?

Question 33

- (a) Draw an outline map of Africa. On it show and name the following: (i) The Equatorial rain forest; (ii) The Tropical grassland; (iii) One town in each of the areas in 33(a)(i) and 33(a)(ii) above.
- (b) Outline three characteristics of the Equatorial rain forest vegetation.
- (c) In what three ways is the Tropical rain forest of economic importance?

Question 34

- (a) Name any four irrigation areas in the Nile Valley.
- (b) Describe the perennial method of irrigation in the Nile Valley.
- (c) Explain any four problems created by irrigation in the Nile Valley.

Question 35

- (a) Draw a sketch map of Africa. On the map show and name: (i) Two oil producing areas; (ii) One town in each of the areas in 35(a)(i) above.
- (b) Highlight any three contributions of oil to the economic development of one of the areas shown in 35(a)(i) above.
- (c) Describe any three problems affecting the mining of petroleum in one of the areas shown in 35(a)(i) above.

Question 36

- (a) Outline any five reasons for the low population density in the Amazon Basin.
- (b) What five measures can be taken to increase the population of the area?

Question 37

- (a) Explain any five factors of industrial location.
- (b) Outline any five contributions of manufacturing industries to economic development in Tropical Africa.

Question 38

- (a) Outline four advantages of air transport over water transport.
- (b) How does air transport enhance the development of your country?
- (c) Highlight three problems facing the operation of air transport in your country.

Question 39

- (a) Draw an outline map of Nigeria. On the map, locate and name: (i) Two industrial zones; (ii) Three industrial products from the two zones.
- (b) Highlight three ways in which lumbering is important in Nigeria.
- (c) Explain three major problems arising from lumbering in Nigeria.

Question 40

- (a) Draw an outline map of Nigeria. On the map, show and name: (i) Three savanna vegetation zones; (ii) One town in each of the vegetation zones shown in 40(a)(i) above.
- (b) Highlight five ways in which the Rainforest is of economic importance to Nigeria.

Question 41

Write a geographical account of the Western Highlands of Nigeria under the following headings: (a) Physical features; (b) Population and settlement; (c) Resources and economic activities; (d) Problems of development.

Question 42

- (a) Draw an outline map of Africa. On the map, show and name the: (i) Equator and the Prime Meridian; (ii) Rivers Niger and Nile; (iii) Lake Chad; (iv) Cameroun Mountains.
- (b) Give a geographical account of Africa under: (i) Location; (ii) Size.

Question 43

- (a) Draw a sketch map of Africa. On the map, show and name one area important for the production of each of the following minerals: (i) Gold; (ii) Petroleum; (iii) Copper; (iv) Diamond.
- (b) Discuss five contributions of minerals to the development of Africa.

Question 44

- (a) Describe four features of Plantation Agriculture in East Africa.
- (b) Outline three advantages of Plantation Agriculture in East Africa.
- (c) Highlight the limitations of Plantation Agriculture in East Africa.

Question 45

- (a) Define international trade.
- (b) Explain five factors that influence international trade.
- (c) Highlight three problems associated with international trade.

Question 46

- (a) Draw a sketch map of Nigeria. On the map, show and name: (i) Major rivers; (ii) Main roads; (iii) Important cities.
- (b) Describe the significance of one of the features shown on the map.

Question 47

- (a) Explain five physical factors that hinder the development of railway transport in Nigeria.

Question 48

(a) Explain any five factors that are responsible for the population distribution in West Africa.

Question 49

(a) Draw an outline map of Africa. On the map, show and name: (i) Major rivers; (ii) Mountain ranges; (iii) Key climatic zones.

Question 50

(a) Draw a sketch map of Africa. On the map, locate and name any two areas of gold mining in South Africa.

Question 51

(a) Draw the sketch map of Nigeria. On the map, show and name:

(i) Any two industrial zones;

(ii) One town in each zone;

(iii) One manufacturing industry in one of the zones.

(b) Explain any two factors that favour the location of the industry named in 4a (iii) above.

(c) Highlight any four problems facing manufacturing industries in Nigeria.
